

WHAT'S HAPPENING WITH

THE NEXT ACADEMIC YEAR 2011 – 2012

ALG is being incorporated into the 19+ Discretionary Learner Support Fund (dLSF)

ALG payments will only continue to those students who currently receive it who are on a two year programme which is due to finish in June/July 2012. Those students who are starting a different level of programme will no longer be able to apply.

All other 19+ students may be able to claim support from the 19+ dLSF to help with the cost of their learning if eligible and payments will be linked to attendance. Details of this Fund will be made available on the website www.harrow.ac.uk once full details are known or from Learner Services.

All the above changes have been implemented by the Young Peoples Learning Agency and the Skills Funding Agency. We are waiting for outcomes of consultation and allocations before policies can be put in place – we will text you when details are finalised for you to check our website.
