Your learning experience

- Community Learning courses usually run for two or three hours per week for a few weeks; enough time to master and apply a useful range of skills. Academic courses vary in duration.
- You will learn in a sociable environment with excellent teachers and facilities.
- Each course has a limited number of places. This ensures you receive the one-to-one support and access to equipment needed to facilitate your learning.
- Many courses use specialist college workshops, studios, salons or computer suites.
- Your teacher will employ a wide range of learning techniques appropriate for the course including: discussion, role play, question and answer sessions, written exercises, collaboration with other students and teacher demonstrations.
- Study at beginner level and progress to a more advanced course (where available) as your skills, knowledge and confidence develop.

Student Services

Harrow College also offers an extensive range of student services. This includes learning support for eligible students; careers and employability advice; advice on finance and safeguarding young people and vulnerable adults.

You will also receive a student card upon successful enrolment on to a course. As well as giving you access to facilities on campus your student card will enable you to receive a student discount at a number of participating retail outlets.

Fees and Financial Support

Financial support available will depend on the level of study and your circumstances.

Fees are payable at the time of enrolment.

College registration fee and ID card fee

The fees quoted in this guide include the College registration and ID fee.

Concessions

Advanced Learner Loans Bursary Fund

19+ Discretionary Learner Support Fund (DLSF)

The 19+ DLSF is made available to support adult students with meeting some of the associated costs of learning.

Examination registration fees

These are payable by all students aged 19+ and are included within the full course fee (except where fees are payable direct to the Awarding Body).

or contact Admissions on: 020 8909 6447 or 020 8909 6241 or by email at admissionshh@harrow.ac.uk
